Panoramic Views

This 20ha lifestyle property has arguably one of the best views in Coromandel. The views from the top of the hill provide a breath-taking 360-degree vista, including Coromandel Harbour and the islands and beyond, the lush green valley leading to Coromandel Town and the bush-clad hills behind, including the iconic Castle Rock.

The well-maintained 3-bedroom, 2-bathroom home also enjoys these amazing views. It has a large kitchen with a great amount of bench space and is filled with natural light from the large windows which also capture the views. The kitchen, lounge and 2 of the bedrooms open out to an extensive patio area perfect for entertaining or just contemplating the peace and the views.

The lounge/dining area is light and spacious and perfect for relaxing with friends and family. The house also includes 3 garages, a spa-room and a "boot-room" for all your coats and outdoor gear. There is a great amount of storage here too, including space for a freezer.

The land has a great deal of potential and lots of options on offer. There is a drivable road to the top of the hill where you could explore the option of adding some extra accommodation which would provide an extra income. Most of the land is in pasture and is well-fenced for you to graze animals. Also included are stock yards and a very large barn (with power and concrete floor) to house the farm vehicles and the boat and other water toys. Or it could be used as workshop or studio. There are endless opportunities here.
